8. MATTERS FROM MEMBERS OF THE TRAFFIC COMMISSION

Chair Wilson reported that he received a letter from resident Clint Patterson, noting that the roadway markings at the horse crossing on Georgeff Road near Crest Road E has faded. Two years ago, Mr. Patterson requested that the roadway markings at this location be refreshed. Chair Wilson stated that he went out to the location but was unable to find the location of the faded roadway marking. Chair Wilson asked City Manager Jeng if the referenced location was a part of the inventory provided by the Rolling Hills Community Association (RHCA).

Mr. Patterson reported that the location is on the blind curve on Georgeff Road, at Georgeff Trail. Without proper roadway markings, the location is unsafe through a blind curve.

City Manager Jeng recalled that the referenced crossing was a part of the city's recent roadway stripping project. City Manager Jeng pulled up an aerial view of the location and asked Mr. Patterson if he could point out the exact location of concern. City Manager Jeng reported that she will follow up on this matter and have the roadway legend refreshed.

Mr. Patterson expressed appreciation for Chair Wilson and City Manager Jeng and for their commitment to address this matter as soon as possible.
